

TITLE:

Crewmember

POSITION SUMMARY

As a Crewmember at Landscape Creations, you will be responsible for executing all on-site, day-to-day aspects of landscape construction projects with the guidance of your foreman.

Depending on your area of expertise and crew assignment, the tasks you execute will vary from softscape and excavation activities to hardscape and masonry. As directed by the Foreman, Crewmembers are responsible for building landscape features like lawns, gardens, driveways, and paths; the planting of large trees, shrubs, perennials, and sod; and building masonry structures such as walls, patios, and other various hardscape features. You will be expected to perform activities in a safe and efficient manner, and maintain cleanliness and organization in assigned trucks, trailers, equipment, jobsites, and shop/yard areas. This position requires the operation of heavy equipment, and attendance at ongoing safety, skill, and leadership development trainings.

Like all positions at our firm, we seek candidates who possess the key competencies that best fit with our culture and values. These include, but may not be limited to, demonstrating focus on quality and customer service, maintaining a team-centric mindset, managing time effectively, and working well under pressure and tight deadlines.

COMPENSATION OVERVIEW

Landscape Creations offers highly competitive compensation packages which include health insurance, a 401k program with a 4% match, and paid professional development.
