

**TITLE:**

Project Manager

**POSITION SUMMARY**

As Project Manager for Landscape Creations, you serve as our primary contact with our clients and project partners and will be expected to earn the role as their trusted advisor. You are responsible for expertly managing the evolution of each project to ensure an exceptional experience for all involved.

Reporting to the Operations Manager, the Project Manager collaborates with multiple team stakeholders to facilitate the design decision process, project schedules, budget, changes, and general construction management administration to ensure landscape projects are completed on schedule and within budget. Success in this position depends on a high level of professionalism, communication, organization, and engagement.

Like all positions at our firm, we seek candidates who possess the key competencies that best fit with our culture and values. These include, but may not be limited to, demonstrating unwavering focus on quality and customer service, maintaining a team-centric mindset, and managing time effectively in a fast-paced environment.

**COMPENSATION OVERVIEW**

Landscape Creations offers highly competitive compensation packages which include health insurance, a 401k program with a 4% match, and paid professional development. A company vehicle may also be included for this position.

**COME GROW WITH US**
